Mr. Fred Black,
Dearborn, Mich.

My dear Mr. Black:

I saw Mr. Bauer, of the Speedautomatic Co., yesterday and we were talking about you and Blanchard. I am very glad to hear that you are progressing so nicely with your work, but the principal thing that I am writing you about is to tell you how I am enjoying the story you are writing in the Dearborn Independent about the assassination of Lincoln, and I claim that you are some little writer.

If you ever happen to be in Chicago I wish you would give me a ring, as I would like very much to have a chat with you. We might arrange to have lunch together.

Yours very truly,

J.M. Simmons
