Mr. F. L. Black,  
Dearborn, Mich.

Dear Mr. Black:-

Was pleased to receive your favor of April 2nd and of course will be glad to get the articles you refer to regarding Lincoln and John Wilkes Booth. You, undoubtedly, have some of my private letters and correspondence relating to this matter. If you are thru with them, you might send them to me. I do not insist upon you sending them, however, especially if you can make use of them, but I thot if you had no use for them, you might return them to me.

With best regards,

Yours very truly,

*Geo. E. Smith*
