Bro. Geo. Smith.

I have been
 unable to find out any
 thing about that case
 you wrote of. I went
 down to the news
 paper office they remem-
 bered the article and
 their impression seemed
 to be that this man
 who gave the exhibit
 was a faker he was
 here only a short time
 they said he had been

Letter from W E Chamberlin to Geo Smith

here before and make
 a business of traveling
 around from place to place
 * I tried several times to
 get in touch with the
 Gen. Du. Lean mentioned in
 the paper. but couldnt
 get him by phone or at
 his home. If there is
 any thing more I can
 do let me know.

Say but we did enjoy
 Geo Wilsons visit so much
 only it was rather short
 he was a good sight for
 sore eyes and it seemed
 good to hear from all
 you folks back there

Wish you could see and
 know my little family
 I am very proud of my
 boys and my wife I am
 very fortunate and I know
 it. You better come out
 here and see a fine country
 over in your life. and
 grand Leo didn't take back
 a very favorable report of
 So California climate it was
 to bad he had to be here
 just when we were having
 a cold windy spell. Two
 days after he was here the
 weather was beautiful
 and this time of year is

the rest. I certainly
hope I will never be so
unfortunate as to have to
leave So. Calif. for I do
love Los Angeles.

Business is a hell on
the pick up out here altho.
ought expect it will be
some time before it is back
to normal.

Give our love to all the
folks back there tell them
we are all well and happy.
and hope to see all of you
again some day.
